

Aptec Motorsport - Discontinuing of Welding Services

Dear Valued Customer,

It is with regret that we have to inform you that Aptec Motorsport will no longer be able to offer weld repair services to cylinder bores.

We will continue to offer you the very best cylinder plating technology. Through our Apticote 2000 coating we will support your drive for ever-improved performance and extended cylinder life.

Our Services:

- **Cylinder Plating** - *Apticote 2000 applied to a range of 2 and 4 stroke cylinders.*
- **Cylinder Honing** - *ensuring the optimum surface finish.*
- **Port Dressing** - *extra care to dress port edges to give the minimum chamfer.*
- **Cylinder Express** - *getting you up & running again faster.*

We look forward to continuing to work with you,

Kind regards,

The Aptec Motorsport Team
